 THE MODEL FOOD STORE

TERSE TALES OF THE TOWN

Off On a Jaunt—

Mr. and Mrs. J. W. Welch will depart today for a few weeks' outing with friends in the Willamette Valley and in Eastern Oregon.

Doing Well At Burns—

Word was received yesterday from Will Benoit, now in Burns, E. O., where he is carpentering at \$5 per day and enjoying excellent health. He reports matters as fairly lively out in that part of the state.

Making Good Averages—

Yesterday was the third day of the ten to be devoted to sub-calibre gun practice at Fort Stevens. There are 3000 shots to be fired during the try-out, and 300 are allowed for each day's practice. The averages to date have ranged about 75 per cent. The work is very interesting and men and officers are following it up with snap and success.

Funeral Tomorrow—

The funeral services over the remains of the late Andrew Berry will take place tomorrow afternoon at 1:30 o'clock at the Finnish church on Eighteenth street, Rev. S. H. Ronka, pastor, officiating. All friends of the deceased are invited to be present. It is understood that the members of the A. O. U. W. fraternity will have part in the final honors paid to this lamented citizen. Interment will be had in Greenwood cemetery.

Reviews And Findings Next—

The 50 young people of this country who for the past three days have been wrangling with the exactions of the eighth grade examinations under the superintendency of Miss Emma Warren, completed their tasks yesterday afternoon, and will await the findings of the board of examiners, which consists of Miss Emma Warren, Mrs. C. A. Gearhart and City Superintendent A. L. Clark, who will have to use several days in the inquiry.

O. N. G. Encampment—

From what is known at present, it is likely the annual encampment of the Oregon National Guard will transpire this year during the 10 days beginning September 7th, next. The matter of naming the dates was left to Major G. S. Bartlett, commanding at Fort Stevens, and Captain Charles H. Abercrombie, commanding First Company, Coast Artillery Corps, of this city; and to perfect all details in this regard, Captain Abercrombie will leave down for Fort Stevens this morning to consult with the major. It is understood that the Astoria company will be the only contingent availing itself of the great gun practice there this fall.

There are carpet cleaners and carpet cleaners, but unless you have an Ideal Vacuum, you cannot clean your stairs, furniture, mattresses, walls, or get at the corners; especially is this by far the easiest operated. I am unable to deliver any hand machine for at least two weeks, on account of the factory being unable to supply the demand. Order will be booked and filled soon as possible. Earl A. Fisher.

Building Cottages—

H. H. Zapf has awarded a contract for the construction of two cottages on his property, corner of Fifteenth and Franklin avenue. The contract price is said to be about \$3000.

Cannery To Be Sold—

On Saturday, May 22, Wm. J. Chalmers and Fred Barker, trustees of the A. Booth Packing Co., will sell the cannery property and several lots, including waterfront and wharfing privileges, at auction to the highest bidder. It is understood that the new company as reorganized will discontinue their Astoria plant.

Accident To Street—

Yesterday morning while hauling the new eight-ton boiler for the Astoria Clay Product Co., at the turn in the roadway near the old Tongue Point saloon the covering plank broke letting the boiler down to the caps. Jack screws were utilized and the boiler picked up and successfully landed at the brick plant.

Arrived From Paris—

Mrs. W. D. Mack and the Misses Tressa and Gladys Mack arrived in the city yesterday from Paris, where they have been visiting Mrs. Mack's brother, John H. Trullinger, in Paris the past year. Mrs. Mack and daughters are the guests of Mr. and Mrs. S. G. Trullinger. They will make Astoria their home in the future.

Camp Shut Down—

Mr. Bell, of Deep River, was in the city yesterday and states the logging industry on the Columbia river is virtually at a standstill. His company has been compelled to shut down their Cathlamet plant and it is expected the Deep River camp will be closed down indefinitely on June 1st. The company has over 6000,000 feet of logs in the river ready for market and there is no demand for more at the present time. The cause attributed for the shut down is on account of the delay on the part of congress to come to some understanding as to the tariff on lumber. Several other camps in Washington have closed down for the same reason. The tariff agitation has evidently unsettled business in all lines and is the primary cause for the present business depression.

Not As Of Yore—

Owing to the immense popularity attained by several musical creations from the pen of Victor Herbert, notably the "Serenade" and "Singing Girl," lovers of light opera and musical comedies generally have their expectations whetted up to a high pitch when his name is associated with the lyrics of attuned merriment only to be dashed by subsequent histrionic events. Aside from one or two numbers, his music in "It Happened in Nordland" presented at the Eugene theatre, fell short of the mark set by this impresario. The play is a rather weak vehicle throughout and its episodes fail to enlist the acme of visual and emotional sensations. Ferris Hartman is not the Hartman of yore, for the reason that amusement has taken a new trend and he has not caught up with the procession—Eugene Register.

OUR JOINT OFFERINGS.

are always of the tenderest and juiciest kind. We handle none but fine fatted cattle, and our meats, consequently, is of the very highest quality in flavor and taste. CRUELTY TO ANIMALS
CAUSE OF ARREST

AH GEE, DRIVER OF A SWILL WAGON ARRESTED BY OFFICER RINN.

Yesterday afternoon complaint was made by three prominent ladies of Astoria to Harry Rinn, desk sergeant at the police station, that a Chinaman was cruelly beating a poor horse. They allege he struck the horse with coal oil cans and clubs. Rinn went down to Me Gin Johana's Chinese store where he found the horse and wagon, the wagon having a cargo of swill aboard. He immediately drove the outfit to the police station and after locking the hind wheel with two pairs of handcuffs and a steel cell door lock, left Chief of Police Oberg in charge to see that the animal did not run away, while he went down to the district attorney's office to make a complaint. During his absence the horse fell asleep several times and came near falling over. It is doubtful if he would move had a cyclone struck him. Oberg did not notice the handcuffs and lock, and when his attention was called to it, he left for downtown where he had urgent business. Officer Rinn swore out a warrant for the arrest of the Chinaman and he will have an opportunity of explaining matters before Justice Goodman this morning. Judging from the looks and age of the horse, it is doubtful if he was aware that he was being beaten by a club or oil can.

When Officer Rinn was taking the horse to the police station and in ascending the Seventeenth street hill, he had to get out and call two men to his assistance and push the horse and wagon up hill. Ah Gee put in an appearance and claimed what was left of the outfit and he was immediately "pinched" by the officer. Gee is the second mate in a vegetable garden around Smith's Point. His cousins put up \$20 bail for his appearance in the justice court this morning.

Improvements Needed—

A number of the residents in the vicinity of 35th and Duane streets are virtually cut off from all communications on account of the action of Superintendent of Streets Kearney fencing up both thoroughfares, they having become dangerous for travel. The steps going down from near the Adair school to the street railway line is also cut off. An effort will be made at the next meeting of the council to have both streets improved. Even fenced off, school children continue to use the streets. It is claimed by some that if the children are injured the city would be liable, but this is not tenable. Parents and children are supposed to take notice of the defective condition of streets where they have been ordered fenced up by the common council.

Serious, But Unavoidable—

The Astoria & Columbia River Astoria-Portland express trains out from the two terminals on Thursday night, were both held up by a serious, but unavoidable, mishap on the main line near Prescott. The working train was out on the road with a string of gravel cars and dumping them at points prescribed in orders, when two or three of the cars got off the track and help had to be dispatched to the scene. Assistant Superintendent John McGuire going out with the relief trains. The up-train from here was laid over at Rainier and the down express made the best of the situation at Goble. Both passenger trains were delayed until about 6 o'clock, yesterday morning.

Seaside Booming—

A prominent business man from Seaside was in the city yesterday. He reports a steady building boom and business fairly good in all lines. The new trunk factory is running steady and have a large number of orders ahead. They employ 30 men and as they are all experienced men in their line the wages are above the average and makes a good monthly pay roll most of which is distributed in Seaside. A large number of people are arriving daily, either for investment, or making arrangements for the summer season. The building of the new bridge across the Necanicum has added an impetus to business, and one seldom hears the cry of hard times.

Dr. Knisely Doing Finely—

Dr. Knisely, who underwent a surgical operation at St. Mary's hospital last Monday, is reported as doing nicely at this writing.

ORDINANCE RELATIVE TO
FOOD PRODUCTS

PROVIDES ALL FOOD PRODUCTS MUST BE 22 INCHES FROM THE FLOOR.

Police Officer Wilson has been busy in the past few days notifying business men of the requirements of the ordinance recently passed by the common council relative to placing food products at a certain elevation above the sidewalks or floors of the store. As the ordinance is not generally understood, several merchants have requested that it be published. Following is the ordinance.

That it shall be lawful for any person or persons, firm, company or corporation to allow or permit any fish, meat, poultry, game, vegetables, fruits, tubers or other food products to be exposed in or in front of any store or other place open to the public except the same be placed on benches or platforms at least 22 inches high, or except the same be hung or suspended at least 22 inches above the floor or ground. The penalty for violating the ordinance is a fine not less than \$25 or by imprisonment not less than 12 days.

Under the provisions of the ordinance, all food products exposed in or in front of stores must be on platforms not less than 22 inches high. In meat markets the quarters of beef must be suspended not less than 22 inches from the floor. This will necessitate making changes in some of the markets. Nearly all the grocery stores have complied with the provisions of the ordinance.

Representatives Elected—

At the meeting of Astor Lodge No. 6, K. of P., last night, C. W. Spriggs, H. M. Lornsten, Thos. B. Loughery, and Aug. Danielson were elected representatives, and W. L. McCroskey, J. E. Gratke, A. T. Sieverts and Jens Hansen were elected alternates to the Grand Lodge session next month, at Pendleton. Four candidates were given the Knight Rank last night and on Monday, May 31st, a social session will be held for Knights only. Beginning with the first Monday in June, Astor Lodge will meet on Monday evening instead of Friday as now. A Pythian excursion is being arranged to the A. Y. P. during Pythian week, which is from July 5 to 12.

Attention, A. O. U. W.

Seaside Lodge, No. 12. The funeral of our late brother, Andrew Berry, will be held from the family residence, 1380 Grand avenue, Sunday (tomorrow), at 1:30 o'clock p. m. All members are requested to attend meeting at A. O. U. W. hall at 10 o'clock.

GEO. KABOTH,
Master Workman.

The Best, Always!

No man may ask more than the best, especially in the matter of eating and the service thereof. To obtain this uniformly, in all degrees, at rational cost, and at any hour, one has but to patronize the Imperial Restaurant on Commercial street. It has no parallel and no superior, and is open day and night, the year round.

The Morning Astorian contains full Associated Press reports. The local news is unsurpassed. Delivered by carrier for 60 cents per month.

WATER COMMISSION IN
REGULAR SESSION

FULL ACCOUNT OF BUSINESS TRANSACTED AND REPORTED.

The Astoria Water Commission in its entirety, with the sole exception of Commissioner J. E. Ferguson, who is absent from the city, assembled in the water office at the city hall last evening, for the regular May session, with Clerk Loundsberry in charge of the records.

After the reading of the minutes of the previous meeting the board settled down to the dispatch of the current business of the hour, from which it was ascertained, via the clerks' report, that the total business for the month aggregated the sum of \$3872.15; and the total cash collections, \$3949.45.

The statement of the treasurer showed that there was on hand, April 30, 1909, the full sum of \$43,429.63. The report of the assistant superintendent was then read and ordered placed on file.

The pay roll for the month amounted to \$755.75; and the bills for that period reached the figure of \$136.89.

A communication was received, and read, from Fire Chief Foster, asking the high service control be extended into the engine house at the foot of Seventeenth street, so that it could be handled by the firemen there on the moment, without the intervention of the Water Office man; in other words, that it be extended into the apparatus room at that building, from the room adjoining. This was conceded by the board and the assistant superintendent was directed to make the change at once.

The commission then adjourned until session in course.

Church Services
Sunday

First Methodist.
 Sunday is Epworth League Day in this church. The morning theme at 11 o'clock "The Dynamite of Youth." At 8 p. m., the following program will be rendered:
